

Description of Varieties Offered (also see photo page)

Item #

- #1 Large Flowering Crocus Mix** Use in borders; group together for naturalizing. Assortment of purples, whites and yellows. Full to partial sun. Blooms in April. Hardiness Zone (HZ): 3-9
- #2 Chionodoxa Blue Giant** Blooms with blue petals and a white center. 5-10 starry flowers per stem; great naturalizers. Blooms in early spring. HZ: 3-9
- #3 Dwarf Iris Mix** Low height mix of purples, deep blues, yellow, and pale blue. Plant 4" deep and 4" apart for best results. Full sun. Blooms in early April. HZ: 5-9
- #4 Sapphire Beauty Iris** Deep blue petals with a purple beard and yellow center. Grows 20-24" tall, blooms in early summer. HZ: 5-10
- #5 Winter Buttercup** (a.k.a. Winter Aconite) Blooms are bright lemon-yellow with recurved collars of dark green, spiky foliage. Prefers rich, moist humus soil and part shade. Blooms March/April. HZ: 5-8
- #6 Dutch Master Daffodil** The most popular variety of large, yellow daffodils. Excellent for mass planting. Full to partial sun. Blooms April. HZ: 2-10
- #7 Obdam Narcissi** Double flowering ivory petals, blooms mid spring. HZ: 2-10
- #8 Double Fashion Narcissi** Double flowering soft yellow petals with a soft orange peeking through the center. Blooms in April. HZ: 2-10
- #9 Precocious Narcissi** This large cupped bloom holds its color well. 3" ivory-white petals with frilly, bowl-shaped salmon-rose cup. Full to partial sun. Blooms April. HZ: 2-10
- #10 Altruist Narcissi** 3" copper-yellow petals with orange glow that pales as flower matures and a shallow, bowl-shaped crimson-orange cup. Full to partial sun. Blooms in April. HZ: 3-8
- #11 Thalia Narcissi** This triandrus narcissus has slender white petals with a white cup. Pairs nicely with the Jack Snipe Narcissi. Blooms in April/May. HZ: 2-1
- #12 Jack Snipe Narcissi** A cyclamineus narcissus that produces small blooms of white petals and vivid yellow cups. Ideal for cluster planting and rock gardens, and will naturalize. Resist deer and squirrel. Plant 6" deep and 6" apart. Full to partial sun. Blooms in April. HZ: 2-10
- #13 Tarda Species Tulip** Star shaped white flower with brilliant yellow centers. Will naturalize in lawns. Plant 4-5" deep and 6" apart. Full to partial sun. Booms in April. HZ: 2-10

#14 Heart's Delight Tulip This Kaufmanniana variety offers mottled foliage. Bloom has outer petals of carmine red with pale rose edge while inner bloom is pale rose with yellow base. Perfect for rock gardens and border plantings. Full sun. Blooms in early spring. HZ: 2-8

#15 Rosalie Tulip Triumph variety, pale pink petals, offers a soft look to any garden. Blooms mid spring, HZ: 2-8

#16 White Emperor Tulip Fosteriana tulip with simple white petals, blooms early spring. HZ: 2-8

#17 Private Eyes Tulip Triumph variety has brilliant magenta petals with a slight white edge. Blooms mid spring. HZ: 2-8

#18 Indian Summer Tulip Raspberry-pink petals with a touch of champagne-tangerine color on the edges. Full to partial sun. Blooms April/May. HZ: 2-8

#19 Gavota Tulip Gavota has rich chestnut-maroon petals with a deep band of yellow on the edge. Full to partial sun. Blooms April/May. HZ: 2-8

#20 Sweetheart Tulip Lovely lemon-yellow petals with broad, ivory-white edges. Looks stunning planted next to other tulips. Blooms mid-April. Full to partial sun. HZ: 2-8

#21 Parade Tulip Netherland Bulb Company's #1 variety, award winning, Darwin Hybrid red tulip. Full to partial sun. Blooms mid-April. HZ: 2-8

#22 Beauty of Spring Tulip Darwin Hybrid soft yellow petals with orange/red edges. Blooms mid spring. HZ: 2-8

#23 Sunlover Double Tulip Unbeatable with brilliant orange/yellow/gold color with light red 'brushmarks'. Sunlover is a double late variety. Also called Peony Tulips because they have so many petals, double late tulips flower late but are very long lasting - they may hold up until early summer! Full to partial sun. Blooms in May. HZ: 3-8

#24 Blue Jacket Hyacinth Rated as the #1 variety of Hyacinth with its stunningly vibrant blue petals. Very fragrant. Blooms mid spring. Full to partial sun. HZ: 2-10

#25 Woodstock Hyacinth Deep magenta petals. Very fragrant. Blooms mid spring, full to partial sun. HZ: 2-10

#26 Giant Snowdrops Reminiscent of Lily of the Valley, these dainty white flowers resemble clusters of small white bells hanging from their stems. Blooms in late spring. HZ: 4-10

#27 Blue Grape Muscari Ideal for co-planting with tulips or daffodils, these cobalt-blue beauties are sweetly fragrant and will multiply rapidly if left undisturbed. Blooms in April/May. Full to partial sun. HZ: 3-9

#28 Delft Blue Muscari Mix Deep cobalt, periwinkle, and light airy blues, the colors in this mix will not disappoint. This lovely sea of color will naturalize and multiply. Full to partial sun. Blooms in April/May. HZ: 3-9

#29 Graceful Beauty Allium Delicate but easy growing North American native flower has 3" globes of star-shaped, sparkling white flowers with pale lavender stamens. Excellent for cut flowers. Deer resistant. Full to partial sun. Blooms May/June. HZ: 4-10

#30 Aflatunense Allium An heirloom variety, this allium has 3" lilac-purple spheres that are deer and rodent resistant. Blooms May/June. Full to partial sun. HZ: 2-10
